Administrator's Statement
88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

407 Commission on Law Enforcement

Established in 1965 by the 59th Texas Legislature, the Texas Commission on Law Enforcement Officer Standards and Education was created to conduct studies and make recommendations to the Governor and the Legislature for the establishment of training, education, and certification standards to improve law enforcement performance. Today, the Commission, which was renamed the Texas Commission on Law Enforcement (TCOLE) in 2013, has evolved into a contemporary regulatory agency with six key functions:

Establishing minimum standards to obtain and maintain a peace officer, county jailer, telecommunicator, or school marshal license, and issuing licenses to qualified applicants;

Overseeing basic training and continuing education requirements to maintain an active license;

Taking enforcement action against licenses in the event of criminal or administrative violations;

Auditing agencies and training providers for compliance with hiring standards and providing technical assistance;

Approving the registration of new law enforcement agencies that meet minimum standards established by the Legislature; and

Providing web applications, including free online continuing education courses, a data distribution system for maintaining and storing licensee training and credentialing information, and a website that serves as a repository for law enforcement resources.

As of July 8, 2022, there were 114,055 currently working licensees, including peace officers, county jailers, telecommunicators, and school marshals. TCOLE oversees this population with an authorized staffing level of 67.6 FTEs.

Recent high-profile events, including the agency's review by the Sunset Advisory Commission, the tragic mass shooting at Robb Elementary School in Uvalde, have highlighted the importance of a modern, well-equipped regulatory agency to oversee the law enforcement profession in Texas. It is the citizens of Texas who are ultimately served by the agency's work in ensuring that only qualified and ethical law enforcement personnel continue to serve in that capacity. The Commission will continue to seek ways to maximize organizational efficiencies, as it always has. However, there are ultimately limitations to the extent to which staff can do so without additional resources. Each of the exceptional items being requested is needed to keep pace with the current operating environment and anticipated responsibilities and challenges in the upcoming biennium. These come in three critical areas: modernizing and securing our technology capabilities, improving our ability to recruit and retain professional staff, and ensuring that we have the resources needed to sustain our operations, including supporting the school marshal program.

Exceptional Item One: Secure IT Service Delivery, Digital Transformation, and Data Management

The most significant issue facing TCOLE and the sustainment of its operations is the need for a modern, robust technology system that will support the agency's efforts across all divisions, as well as our licensees. This would put the Commission, as well as the licensees and law enforcement agencies we oversee, in a far better position in terms of security and usability.

Administrator's Statement

88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

407 Commission on Law Enforcement

The Commission was appropriated funds by the 87th Legislature to purchase its licensing database, known as TCLEDDS, from the vendor that developed it and has managed it since its creation. This appropriation also provided 6 FTEs for TCOLE to manage the system, including customer support and ongoing system development and customization. As part of the requirements under HB 2 (87R), prior to the acquisition, the Department of Information Resources conducted an assessment aimed at identifying ways in which TCOLE can ensure TCLEDDS is adequately prepared for state ownership. One of these findings was a recommendation to transition the application after acquisition to DIR's Texas Private Cloud infrastructure in the Data Center Services program. This request includes the ongoing costs for transitioning TCOLE's network to the Data Center Services program. The data contained in TCLEDDS, and other systems moving to the DIR Private Cloud contain sensitive and confidential information regarding the enforcement community; data in which TCOLE is responsible for protecting. Therefore, we are requesting a dedicated cybersecurity officer to support provide oversight for secure IT service delivery.

In support of our efforts to provide secure IT service delivery, we are also looking to enhance our licensee and constituent experience by focusing on strategic digital transformation and advanced data management. The first step to our advanced data management is securing a Data Officer to develop a records and data management program, and help us proactively identify open data to share through the DIR Open Data portal, as well as TCOLE's public facing website, which we plan to completely redesign and improve in order to deliver information to the public in an easy to find and easy to use way. We will also be bringing our website up to the electronic information resources (EIR) accessibility standards, which is required by law. This strategic digital transformation also includes the cost to improve and maintain the TCOLE Secure Share (TSS) application as part of SB 24.

Exceptional Item Two: Employee Recruitment and Retention

Employee recruitment and retention is something that TCOLE has struggled with for several years as cost of living and other agencies' salary levels have significantly outpaced our ability to compensate our staff. This need was further underscored by Comptroller Hegar's remarks to the House Appropriations Committee in July 2022 regarding state employee pay, and the importance of "making sure that we have good, qualified employees and can retain them."

This request would provide funds to compensate TCOLE's 21 peace officers at a rate consistent with their peers at other state agencies by moving their pay classification into Schedule C, designed for commissioned law enforcement positions. TCOLE is not seeking to be added into the LECOS Supplemental Retirement Fund. Since FY16, nine peace officers have voluntarily left TCOLE, all nine of whom named pay as the primary driver of their decision to leave. Paying our officers consistent with Schedule C would help tremendously in retaining our highly qualified staff and reduce the time and costs incurred in training replacement staff, and would greatly assist in recruitment. Our investigation and field service agent recruitment efforts have often relied on hiring peace officers who have retired and are drawing a retirement check from their previous service to supplement their TCOLE income. We are unable to effectively attract experienced, mid-career officers because we compete with other state and local law enforcement agencies with far greater pay. Classifying our officers consistent with Schedule C would greatly expand the statewide pool of qualified applicants. To compare, our first-line peace officer positions now fall \$7,000 below entry-level Trooper pay with Texas DPS, and an average of \$20,000 below the entry-level pay at the seven largest local law enforcement agencies in Texas, according to the latest salary study conducted by the State Auditor's Office.

The other part of this exceptional item request includes a reclassification of several of our current non-sworn personnel. Staff was directed by the Commissioners to do a review of current job classifications and determine whether the job descriptions for each staff member's current title is consistent with their varied responsibilities. Following this review, many of TCOLE's staff are vastly exceeding the scope of the duties described by the job descriptions posted by the State Auditor's Office. Additionally, this would include an increase for personnel whose duties are consistent with their current classification to align their pay with similar jobs at other state agencies. TCOLE's lowest paid positions are chronically understaffed due to difficulties in recruiting.

407 Commission on Law Enforcement

Exceptional Item Three: School Marshal Program Support

As previously mentioned, the tragic school shooting in Uvalde, Texas, has renewed interest in the TCOLE School Marshal program. This includes a directive by Governor Abbott for the Texas Education Agency to develop strategies to increase the presence of school marshals on campuses. The funds requested in this exceptional item would not only cover the expenses that are currently being funded by a grant through the Governor's Public Safety Office, including course fees and materials, ammunition, and psychological examinations, but would also provide equipment packages to deploy to TCOLE-contracted academies to increase the number that are offering the school marshal course. It would also fund two TCOLE FTEs, one to coordinate the school marshal courses and process all licensing documents, and the other to conduct liaison with school districts and maintain oversight of the training and equipment.

Exceptional Item Four: Agency Operations Support

Several of TCOLE's divisions have received a recent infusion of resources. While this means that other operations are now running more smoothly and allowing for future planning and proactive thinking for the first time in many years, this has placed significant additional workload on the singular director overseeing both Finance and Human Resources. The agency is requesting an FTE dedicated to help manage onboarding, offboarding, and other personnel matters typically overseen by designated human resources staff. Additionally, the agency is requesting an FTE to ensure compliance with all state contract and procurement laws, as well as a dedicated travel coordinator and fleet manager to oversee staff travel arrangements and vouchers, and the management of the agency's peace officer fleet vehicles.

TCOLE's legal team consists of one attorney, one legal assistant, and a legal secretary who is dedicated to processing appeals of employment termination reports (F5s). In FY 2021, this team processed nearly 200 disciplinary license actions, including 147 suspensions, 21 revocations, and 3 cancellations, all of which are afforded their due process rights through a hearing at the State Office of Administrative Hearings if they choose. Regardless of a SOAH hearing, this important regulatory function requires a substantial amount of preparation and follow-through, which has resulted in a bottleneck of cases awaiting decision and action. To allow for a more timely process for our licensees, this request includes three administrative prosecutors, as well as one legal assistant and one legal secretary. This would also eliminate TCOLE's reliance on OAG resources for SOAH hearings.

Finally, TCOLE receives over 6,000 public information requests per year, and they are processed by a single public information coordinator. The addition of another staff member to assist with public information requests would improve turnaround times and allow for backfill when leave is taken.

Exceptional Item Five: Fleet Vehicles

TCOLE's 21 peace officers are either driving surplus vehicles from other state police agencies, many in excess of 200,000 miles, or are traveling to visit law enforcement agencies for audits or technical assistance in a personal vehicle. In the age of scrutiny for officers responding to significant events, or even assisting with a traffic collision, it is important that all peace officers in the state are properly equipped to do the job expected by the public and the lawmakers they elect. This request would provide fleet vehicles for each of TCOLE's officers, including basic equipment. This would eliminate the safety concerns and mounting repair expenses for our high-mileage vehicles, as well as the concerns about a less-than-professional image presented by officers traveling for state business in a personal vehicle.

Exceptional Item Six: Rent Adjustment

Administrator's Statement

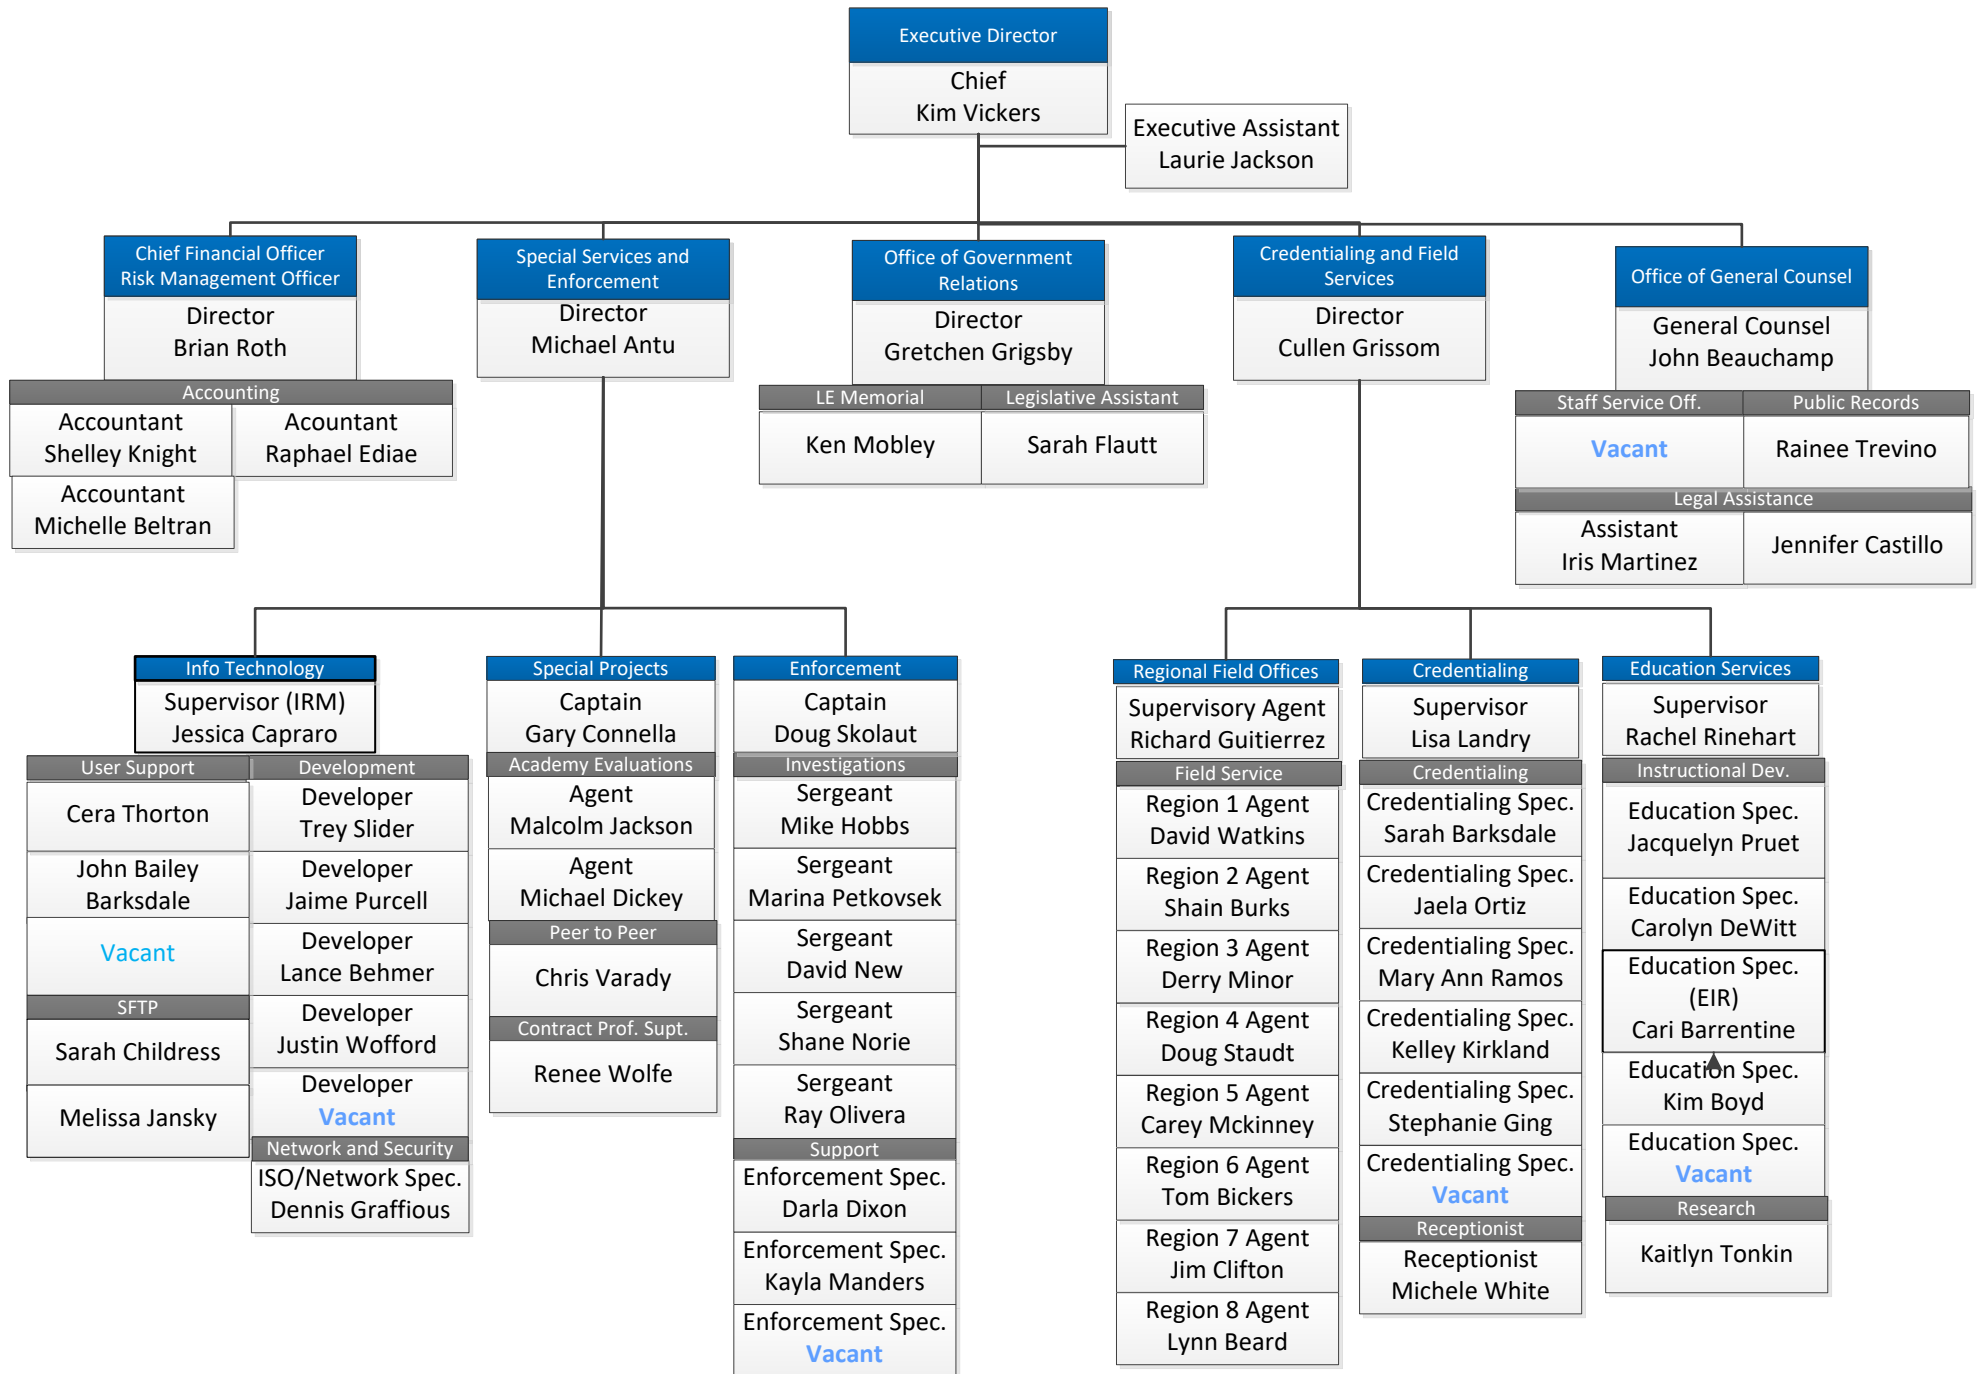

88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

407 Commission on Law Enforcement

Through a Texas Facilities Commission-negotiated lease agreement, TCOLE is able to project rent expenses for the upcoming two biennia. As the cost of office space in Austin has continued to increase, TCOLE is requesting this exceptional item to offset the projected costs for the 2024-2025 biennium, which would otherwise have to be made up by a reduction to other strategies in the agency's existing base budget.

Per a directive from the Presiding Officer: "The Presiding Officer and Commissioners respectfully and strongly request the authority and funding for a salary increase for the Executive Director. We would request an increase to \$163,428 per year. We believe this is consistent with the pay for exempt positions at other agencies of similar type and scope of responsibilities."

TCOLE ORGANIZATIONAL CHART

C E R T I F I C A T E

Agency Name Texas Commission on Law Enforcement

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Governor's Office Budget Division (Governor's Office) is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the PDF file submitted via the LBB Document Submission application are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the Governor's Office will be notified in writing in accordance with Article IX, Section 7.01 (2022-23 GAA).

STRATEGY DESCRIPTION AND JUSTIFICATION:

Strategy Description and Justification: The resources provided by this funding will enable the agency to continue meeting one of its core statutory responsibilities. Licensing and certification services will continue and existing candidates will continue to be licensed. We will be able to accommodate the increase in licensing demands; though it should be noted that the demand for licensing and certification services has growth at a rate higher than the percentage in growth of licensees. The application of minimum licensing and certification standards will continue to have a positive impact on the safety of the citizens of this state.

------	-------------	----------	----------	----------	---------	---------

External/Internal Factors Impacting Strategy: The demand for licensing, certification, training services and information has steadily increased over the years. The number of out of state, federal, and military officers seeking reciprocity has also risen. Additionally, more licensees are becoming engaged in furthering their training and in seeking greater professionalism.

With this comes an increasing demand for training and certification, resulting in greater information flow both to and from TCOLE. Many agencies are offering incentive pay for higher certification levels and making additional training a prerequisite for promotion. These and other external influences are creating a greater demand in the licensing strategy; greater than the simple percentage growth in licensees. Numerous system and information technology improvements have allowed the agency to operate within the existing appropriations thus far.

-------------	--------------------	-----------------	-----------------	-----------------	----------------	----------------

STRATEGY DESCRIPTION AND JUSTIFICATION:

Strategy Description and Justification: This strategy facilitates a recognized responsibility of the agency to establish standards for enrollment into licensing courses and for appointment as a peace officer, county jailer, telecommunicator, or school marshal, as well as standards to maintain a TCOLE license. These standards are established to help ensure the quality of law enforcement personnel in Texas. Also, the content and learning objectives for basic proficiency courses are developed, maintained, and distributed to approved law enforcement academies and other training providers, according to the provisions of Texas Occupations Code Chapter 1701, as well as agency rules and procedures. Courses include those for all peace officers, reserve law enforcement officers, county jailers, telecommunicators, and school marshals. The demand for these training programs and the responsibility to maintain course content validity has increased substantially due to the public interest in holding law enforcement to a high standard of professionalism. Law enforcement administrators, particularly those in the geographically remote, rural, and smaller agencies, are assisted and trained to improve the level of law enforcement services statewide. Legislatively-required continuing education and competency courses are developed, maintained, and delivered in whole or in part over the Internet where possible.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

External/Internal Factors Impacting Strategy: The 87th Legislature appropriated six new FTEs in addition to the one previously funded FTE to assist the agency in developing, reviewing, and maintaining courses for law enforcement professionals created at legislative direction. The newly reconstituted Education Services team cooperates with a variety of local and state governmental entities, as well as topic-specific stakeholders, to carry out this mission. Quality assurance of the training and education programs provided through TCOLE's primary delivery system of approved academies and training providers statewide is then overseen by the agency's two Academy and Contract Evaluators. The function of evaluating law enforcement agencies, academies, and training providers will be shared with Technical Assistance.

GOAL:	2	Regulate Licensed Law Enforcement Population	
OBJECTIVE:	1	Law Enforcement License Regulation	Service Categories:
STRATEGY:	1	Enforce Statute or TCOLE Rules through License Regulation	Service: 16 Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2021	Est 2022	Bud 2023	BL 2024	BL 2025
------	-------------	----------	----------	----------	---------	---------

Strategy Description and Justification:

This strategy facilitates the primary responsibility of the agency to regulate law enforcement personnel across Texas, and is critical in the agency's efforts to fulfill its mission statement. Through this strategy, the agency is able to measure the level of compliance with its standards as required by Texas Occupations Code Chapter 1701.

Inquiries are initiated whenever information becomes known of actions by licensed personnel that could result in revocation, suspension, or reprimand, or when a criminal investigation is found to be necessary. Information is obtained through agency audits, reported by licensed personnel, and received from citizens. This process also includes the enforcement of continuing education requirements. Investigators with the Enforcement Division conduct an investigation, and upon its completion, recommend the appropriate license action when a violation has been found to be substantiated. Less frequently, when information concerning suspected criminal offenses by licensed personnel is discovered or received, the agency conducts investigations and, when appropriate, makes arrests of the offending licensees. The agency then assists in prosecution through the appropriate local authorities or through the Office of the Attorney General.

The activities performed through this strategy facilitate the overall improvement of the delivery of law enforcement services statewide and the public trust in the law enforcement community.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

3.A. Strategy Request

CODE	DESCRIPTION	Exp 2021	Est 2022	Bud 2023	BL 2024	BL 2025
------	-------------	----------	----------	----------	---------	---------

External/Internal Factors Impacting Strategy:

The number of cases to be worked is dependent upon the number of reports of violations received, including complaints and the proper reporting of licensee arrests. Likewise, the agency is reliant upon district attorneys, the Attorney General's Office, and the State Office of Administrative Hearings in the enforcement of the mandates of Texas Occupations Code Chapter 1701. The timing, cost, and efficiency of interagency assistance and the level of cooperation cannot be controlled by the Commission because many cases involve prior prosecution and conviction followed by administrative hearings. The Commission interacts with numerous state, federal, and local agencies to effectively fulfill responsibilities related to this strategy.

------	-------------	----------	----------	----------	---------	---------

STRATEGY DESCRIPTION AND JUSTIFICATION:

Strategy Description and Justification:

Through this strategy, TCOLE is able to measure activities designed to prevent, through education and auditing, the need for intrusive regulation.

Support is offered through both Austin-based personnel, and regionally deployed field service agents. We provide face-to-face and phone consultation and technical assistance to more than 2,700 law enforcement agencies, 318 academies and training providers, and more than 114,000 currently working licensees. Through field assistance, prevention, auditing of agency records and evaluating training providers, TCOLE can assist agencies in becoming compliant and understanding what is expected of them in order to prevent future compliance issues. The goal is voluntary compliance through training and consultation.

This strategy also includes the registration of new law enforcement agencies, a responsibility given to the Commission in 2009. This function ensures that newly created agencies have the necessary resources, policies, and infrastructure in place to properly serve their communities.

CODE	DESCRIPTION	Exp 2021	Est 2022	Bud 2023	BL 2024	BL 2025
------	-------------	----------	----------	----------	---------	---------

External/Internal Factors Impacting Strategy:

TCOLE regulates decentralized agencies that have unique characteristics and often unique needs. Solutions to many of the problems in one region can be useful in other regions; however, some solutions are more applicable to a specific area of the state. Recruitment, selection and retention in one area often differ greatly from another. Technical assistance to obtain compliance with State of Texas regulations in the Occupations Code and the associated administrative rules are very well received by Texas agencies when delivered with good customer service. Mutual areas of interest are able to be explored and regulatory assistance given. Through this strategy, the Commission seeks to fulfill many of its regulatory responsibilities by promoting voluntary compliance with legal mandates. This process has been found to yield substantial results and the future will yield greater professionalism and improved community services.

Strategy Description and Justification:

The Commission administers a statewide program to establish and maintain minimum education, training, and selection standards, to educate, train, license, regulate, and discipline, as necessary, more than 114,000 currently working licensees in more than 2,700 law enforcement agencies and 114 academies and 208 contract training providers.

Database management, electronic records, distance education programs, and testing have been integrated to take the best advantage of technology, to respond quickly to rapidly changing needs and demands of law enforcement practitioners, and to accomplish the primary regulatory mission.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

External/Internal Factors Impacting Strategy:

The Commission regulates a wide variety of types of law enforcement entities and training institutions statewide. It must keep pace with the technological and other advancements utilized by those entities to provide a high level of law enforcement services. Most of the regulated agencies and licensees rely on the Commission to identify advancements and create opportunities by which they may improve the services they provide to citizens.

1. Performance Measure Targets. The following is a listing of the key performance target levels for the Commission on Law Enforcement. It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of the Commission on Law Enforcement. In order to achieve the objectives and service standards established by this Act, the Commission on Law Enforcement shall make every effort to attain the following designated key performance target levels associated with each item of appropriation.

A. Goal: LICENSE AND DEVELOP STANDARDS

A.1.1. Strategy: LICENSING

Output (Volume):

Number of New Licenses Issued

2024 ~~2022~~

2025 ~~2023~~

13,000 ~~12,500~~

13,000 ~~12,500~~

Number of Appointment Documents Received and Processed

21,000 ~~17,000~~

21,000 ~~17,000~~

A.1.2. Strategy: STANDARDS DEVELOPMENT

Output (Volume):

Number of Courses Reviewed/Approved/Updated by TCOLE

8 ~~24~~

10 ~~15~~

B. Goal: REGULATION

Outcome (Results/Impact):

Number of Disciplinary Actions Taken

500 ~~350~~

500 ~~350~~

B.1.1. Strategy: ENFORCEMENT

Output (Volume):

Number of Notices of Impending Training Deficiency Sent

1,800

5,000 ~~53,000~~

Number of Misconduct Cases Resolved by Agreed Order

15 ~~12~~

15 ~~14~~

Number of Border Security-related Investigations Opened

80 ~~15~~

80 ~~15~~

Number of SOAH Hearings for Administrative Misconduct Cases

3

3

Number of Cases Opened

1,500 ~~3,100~~

1,500 ~~3,200~~

B.1.2. Strategy: TECHNICAL ASSISTANCE

Output (Volume):

Explanatory:

Number of Agencies Audited for Law and Rule Compliance

750 ~~800~~

750 ~~800~~

C. Goal: INDIRECT ADMINISTRATION

C.1.1. Strategy: INDIRECT ADMINISTRATION

Output (Volume):

Number of Open Records/Public Information Requests Sent to the Office of the Attorney General

50

50 ~~35~~

3. Appropriation: Proficiency Certificate Fees. The Commission on Law Enforcement is appropriated revenues collected for the processing of proficiency certificates pursuant to Occupations Code §1701.154 (estimated to be \$260,000 \$250,000 in fiscal year 2024 2022 and \$265,000 \$250,000 in fiscal year 2025 2023 from Appropriated Receipts and included in the amounts appropriated above).

4

V-40

4. Appropriation: Licensing Fees. The Commission on Law Enforcement is appropriated fees collected to establish a person's eligibility to receive, reactivate or reinstate a license (estimated to be \$158,000 430,000 in fiscal year 2024 2022 and \$160,000 430,000 in fiscal year 2025 2023 from the GR-Dedicated Account No. 116 and included in the amounts appropriated above).

5	V-40	<p>5. Appropriation: State Flag Fund for Deceased Texas Peace Officers. The Commission on Law Enforcement is appropriated all contributions and earned interest collected during the 2024-25 2022-23 biennium and any unexpended and unencumbered balances from the biennium ending August 31, 2024 2023, from the Texas Peace Officer Flag Account No. 5059 as provided by Occupations Code §1701.161 and Government Code §615.105 (estimated to be \$2,500 \$5,000 in fiscal year 2024 2022 and \$3,000 \$7,000 in fiscal year 2025 2023 and included in the amounts appropriated above). These appropriations are to be deposited in the state treasury to the credit of the GR- Dedicated Texas Peace Officer Flag Account No. 5059. These appropriations shall be used to provide state flags to families of deceased Texas peace officers pursuant to Occupations Code §1701.161 and Government Code §615.105. None of these appropriations shall be used by the commission for administration and support costs.</p>
6	V-40	<p>6. Appropriation: Distance Learning Program. Included in the amounts appropriated above to the Texas Commission on Law Enforcement is revenue collected from intermediate, advanced, and master peace officer and jailer certifications (estimated to be \$55,000 \$80,000 in fiscal year 2024 2022 and \$55,000 \$80,000 in fiscal year 2025 2023 from Appropriated Receipts) for the purpose of operating and maintaining the Distance Learning Program.</p>
7	V-40	<p>7. Appropriation: Conference, Training, Testing and Other Receipts Included in the amounts appropriated above to the Texas Commission on Law Enforcement are revenues estimated to be \$341,000 \$300,000 in fiscal year 2024 2022 and \$385,000 \$305,000 in fiscal year 2025 2023 collected from fees relating to conferences, training, testing and other receipts from Appropriated Receipts.</p>
8	V-40	<p>8. Reimbursement of Advisory Committee Members. Pursuant to Government Code §2110.004, reimbursement of expenses for curriculum advisory committee members, out of the funds appropriated above, not to exceed \$15,000 per fiscal year, the Texas Commission on Law Enforcement is hereby authorized to reimburse travel expenses of curriculum advisory committee members.</p>
9	V-40	<p>9. Texas Law Enforcement Peer Network. Included in the amounts appropriated above in Strategy B.1.2 Technical Assistance, is \$525,910 in General Revenue in each fiscal year of the biennium to establish a mental health peer network for law enforcement officers. Additionally, the Texas Commission on Law Enforcement is hereby authorized to contract with an institution of higher education with mental health or police training expertise.</p>

10	V-40	<p>10. Contingency for Behavioral Health Funds. Notwithstanding appropriation authority granted above, the Comptroller of Public Accounts shall not allow the expenditure of General Revenue Related behavioral health funds for the Texas Commission on Law Enforcement in Strategy B.1.2, Technical Assistance, in fiscal year 2022 or fiscal year 2023, as identified in Art. IX, Sec. 10.04, Statewide Behavioral Health Strategic Plan and Coordinated Expenditures, if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the agency's planned expenditure of those funds in fiscal year 2022 or fiscal year 2023 does not satisfy the requirements of Art. IX, Sec. 10.04, Statewide Behavioral Health Strategic Plan and Coordinated Expenditures.</p>
11	V-40	<p>11. Study on Peace Officer Salaries. Included in the amounts appropriated above is \$121,008 in General Revenue Funds in Strategy B.1.2, Technical Assistance, for the state fiscal year ending August 31, 2022, for the purpose of conducting a study on the salaries of peace officers in this state and throughout the United States, including comparisons among salaries of peace officers employed by varying sizes of law enforcement agencies and comparisons across regions with varying costs of living. The Commission on Law Enforcement shall submit a report on the results of the study to the Governor, Legislative Budget Board, and the standing legislative committees with primary jurisdiction over the agency not later than November 1, 2022.</p>
12	V-40, V-41	<p>12. Sunset Contingency. Funds appropriated above for fiscal year 2023 for the Texas Commission on Law Enforcement are made contingent on the continuation of TCOLE by the Eighty-seventh Legislature, Regular Session, 2021. In the event that the agency is not continued, the funds appropriated for fiscal year 2022, or as much thereof as may be necessary, are to be used to provide for the phase out of agency operations.</p> <p><u>10. Appropriation: License Plate Receipts.</u> The Commission on Law Enforcement is appropriated all revenue collected, interest earned, and available balances on or after September 1, 2023 out of the License Plate Trust Fund No. 0802 (estimated to be \$2,300 in fiscal year 2024 and \$2,200 in fiscal year 2025).</p> <p><u>Any unobligated and unexpended balances remaining in the License Plate Trust Fund No. 802 as of August 31, 2023, for specialty license plates are appropriated for the fiscal year beginning September 1, 2023. In addition, any unobligated and unexpended balances from these specialty license plates as of August 31, 2024, are appropriated for the same purposes as of September 1, 2024.</u></p>

Justification Description

88R Stage: S01 Version: 1

Agency: 407 Commission on Law Enforcement

Goal: 1 Licensing and Standards Development
Objective: 1 Licensing and Examinations
Strategy: 1 Issue Licenses and Certificates to Individuals

General Justification

Strategy Description and Justification: The resources provided by this funding will enable the agency to continue meeting one of its core statutory responsibilities. Licensing and certification services will continue and existing candidates will continue to be licensed. We will be able to accommodate the increase in licensing demands; though it should be noted that the demand for licensing and certification services has growth at a rate higher than the percentage in growth of licensees. The application of minimum licensing and certification standards will continue to have a positive impact on the safety of the citizens of this state.

Goal: 1 Licensing and Standards Development
Objective: 1 Licensing and Examinations
Strategy: 1 Issue Licenses and Certificates to Individuals

Justification Description

88R Stage: S01 Version: 1

Agency: 407 Commission on Law Enforcement

- Goal:** **1 Licensing and Standards Development**
- Objective:** **1 Licensing and Examinations**
- Strategy:** **2 Set Standards for Training Development and Academy Evaluations**

General Justification

Strategy Description and Justification: This strategy facilitates a recognized responsibility of the agency to establish standards for enrollment into licensing courses and for appointment as a peace officer, county jailer, telecommunicator, or school marshal, as well as standards to maintain a TCOLE license. These standards are established to help ensure the quality of law enforcement personnel in Texas. Also, the content and learning objectives for basic proficiency courses are developed, maintained, and distributed to approved law enforcement academies and other training providers, according to the provisions of Texas Occupations Code Chapter 1701, as well as agency rules and procedures. Courses include those for all peace officers, reserve law enforcement officers, county jailers, telecommunicators, and school marshals. The demand for these training programs and the responsibility to maintain course content validity has increased substantially due to the public interest in holding law enforcement to a high standard of professionalism. Law enforcement administrators, particularly those in the geographically remote, rural, and smaller agencies, are assisted and trained to improve the level of law enforcement services statewide. Legislatively-required continuing education and competency courses are developed, maintained, and delivered in whole or in part over the Internet where possible.

- Goal:** **1 Licensing and Standards Development**
- Objective:** **1 Licensing and Examinations**
- Strategy:** **2 Set Standards for Training Development and Academy Evaluations**

General Justification

Strategy Description and Justification: This strategy facilitates a recognized responsibility of the agency to establish standards for enrollment into licensing courses and for appointment as a peace officer, county jailer, telecommunicator, or school marshal, as well as standards to maintain a TCOLE license. These standards are established to help ensure the quality of law enforcement personnel in Texas. Legislatively-required continuing education and competency courses are developed, maintained, and delivered in whole or in part over the Internet where possible.

Justification Description

88R Stage: S01 Version: 1

Agency: 407 Commission on Law Enforcement

Goal: **2 Regulate Licensed Law Enforcement Population**
Objective: **1 Law Enforcement License Regulation**
Strategy: **1 Enforce Statute or TCOLE Rules through License Regulation**

General Justification

Strategy Description and Justification:

This strategy facilitates the primary responsibility of the agency to regulate law enforcement personnel across Texas, and is critical in the agency's efforts to fulfill its mission statement. Through this strategy, the agency is able to measure the level of compliance with its standards as required by Texas Occupations Code Chapter 1701.

Inquiries are initiated whenever information becomes known of actions by licensed personnel that could result in revocation, suspension, or reprimand, or when a criminal investigation is found to be necessary. Information is obtained through agency audits, reported by licensed personnel, and received from citizens. This process also includes the enforcement of continuing education requirements. Investigators with the Enforcement Division conduct an investigation, and upon its completion, recommend the appropriate license action when a violation has been found to be substantiated. Less frequently, when information concerning suspected criminal offenses by licensed personnel is discovered or received, the agency conducts investigations and, when appropriate, makes arrests of the offending licensees. The agency then assists in prosecution through the appropriate local authorities or through the Office of the Attorney General.

The activities performed through this strategy facilitate the overall improvement of the delivery of law enforcement services statewide and the public trust in the law enforcement community.

Justification Description

88R Stage: S01 Version: 1

General Justification

Strategy Description and Justification:

Through this strategy, TCOLE is able to measure activities designed to prevent, through education and auditing, the need for intrusive regulation.

Support is offered through both Austin-based personnel, and regionally deployed field service agents. We provide face-to-face and phone consultation and technical assistance to more than 2,700 law enforcement agencies, 318 academies and training providers, and more than 114,000 currently working licensees. Through field assistance, prevention, auditing of agency records and evaluating training providers, TCOLE can assist agencies in becoming compliant and understanding what is expected of them in order to prevent future compliance issues. The goal is voluntary compliance through training and consultation.

This strategy also includes the registration of new law enforcement agencies, a responsibility given to the Commission in 2009. This function ensures that newly created agencies have the necessary resources, policies, and infrastructure in place to properly serve their communities.

Justification Description

88R Stage: S01 Version: 1

Agency: 407 COMMISSION ON LAW ENFORCEMENT OFFICER STANDARDS AND EDUCATION

Goal: **2 Regulate Licensed Law Enforcement Population**
Objective: **1 Law Enforcement License Regulation**
Strategy: **2 Assist Departments with Hiring Standards and Compliance**

General Justification

Strategy Description and Justification:

Through this strategy, TCOLE is able to measure activities designed to prevent, through education and auditing, the need for intrusive regulation.

Support is offered through both Austin-based personnel, and regionally deployed field service agents. We provide face-to-face and phone consultation and technical assistance to more than 2,700 law enforcement agencies, 318 academies and training providers, and more than 114,000 currently working licensees. Through field assistance, prevention, auditing of agency records and evaluating training providers, TCOLE can assist agencies in becoming compliant and understanding what is expected of them in order to prevent future compliance issues. The goal is voluntary compliance through training and consultation.

This strategy also includes the registration of new law enforcement agencies, a responsibility given to the Commission in 2009. This function ensures that newly created agencies have the necessary resources, policies, and infrastructure in place to properly serve their communities.

Justification Description

88R Stage: S01 Version: 1

Agency: 407 Commission on Law Enforcement

Goal: **3 Indirect Administration**
Objective: **1 Indirect Administration**
Strategy: **1 Finance, Open Records, Legal, and Government Relations**

General Justification

Strategy Description and Justification:

The Commission administers a statewide program to establish and maintain minimum education, training, and selection standards, to educate, train, license, regulate, and discipline, as necessary, more than 114,000 currently working licensees in more than 2,700 law enforcement agencies and 114 academies and 208 contract training providers.

Database management, electronic records, distance education programs, and testing have been integrated to take the best advantage of technology, to respond quickly to rapidly changing needs and demands of law enforcement practitioners, and to accomplish the primary regulatory mission.

Goal: **3 Indirect Administration**
Objective: **1 Indirect Administration**
Strategy: **1 Finance, Open Records, Legal, and Government Relations**

General Justification

Strategy Description and Justification:

The Commission administers a statewide program to establish and maintain minimum education, training, and selection standards, to educate, train, license, regulate, and discipline, as necessary, more than 114,000 currently working licensees in more than 2,700 law enforcement agencies and 114 academies and 208 contract training providers.

Database management, electronic records, distance education programs, and testing have been integrated to take the best advantage of technology, to respond quickly to rapidly changing needs and demands of law enforcement practitioners, and to accomplish the primary regulatory mission.

STRATEGY EXTERNAL/INTERNAL FACTORS
88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Agency code: **407** Agency name: **Commission on Law Enforcement**

Goal: 1 Licensing and Standards Development
Objective: 1 Licensing and Examinations
Strategy: 1 Issue Licenses and Certificates to Individuals

External/Internal Factors:

External/Internal Factors Impacting Strategy: The demand for licensing, certification, training services and information has steadily increased over the years. The number of out of state, federal, and military officers seeking reciprocity has also risen. Additionally, more licensees are becoming engaged in furthering their training and in seeking greater professionalism.

With this comes an increasing demand for training and certification, resulting in greater information flow both to and from TCOLE. Many agencies are offering incentive pay for higher certification levels and making additional training a prerequisite for promotion. These and other external influences are creating a greater demand in the licensing strategy; greater than the simple percentage growth in licensees. Numerous system and information technology improvements have allowed the agency to operate within the existing appropriations thus far.

Goal: 1 Licensing and Standards Development
Objective: 1 Licensing and Examinations
Strategy: 2 Set Standards for Training Development and Academy Evaluations

External/Internal Factors:

External/Internal Factors Impacting Strategy: The 87th Legislature appropriated six new FTEs in addition to the one previously funded FTE to assist the agency in developing, reviewing, and maintaining courses for law enforcement professionals created at legislative direction. The newly reconstituted Education Services team cooperates with a variety of local and state governmental entities, as well as topic-specific stakeholders, to carry out this mission. Quality assurance of the training and education programs provided through TCOLE's primary delivery system of approved academies and training providers statewide is then overseen by the agency's two Academy and Contract Evaluators. The function of evaluating law enforcement agencies, academies, and training providers will be shared with Technical Assistance.

Goal: 2 Regulate Licensed Law Enforcement Population
Objective: 1 Law Enforcement License Regulation
Strategy: 1 Enforce Statute or TCOLE Rules through License Regulation

External/Internal Factors:

External/Internal Factors Impacting Strategy:

The number of cases to be worked is dependent upon the number of reports of violations received, including complaints and the proper reporting of licensee arrests. Likewise, the agency is reliant upon district attorneys, the Attorney General's Office, and the State Office of Administrative Hearings in the enforcement of the mandates of Texas Occupations Code Chapter 1701. The timing, cost, and efficiency of interagency assistance and the level of cooperation cannot be controlled by the Commission because many cases involve prior prosecution and conviction followed by administrative hearings. The Commission interacts with numerous state, federal, and local agencies to effectively fulfill responsibilities related to this strategy.

STRATEGY EXTERNAL/INTERNAL FACTORS
88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Agency code: **407** Agency name: **Commission on Law Enforcement**

Goal: 2 Regulate Licensed Law Enforcement Population
Objective: 1 Law Enforcement License Regulation
Strategy: 2 Assist Departments with Hiring Standards and Compliance

External/Internal Factors:

External/Internal Factors Impacting Strategy:

TCOLE regulates decentralized agencies that have unique characteristics and often unique needs. Solutions to many of the problems in one region can be useful in other regions; however, some solutions are more applicable to a specific area of the state. Recruitment, selection and retention in one area often differ greatly from another. Technical assistance to obtain compliance with State of Texas regulations in the Occupations Code and the associated administrative rules are very well received by Texas agencies when delivered with good customer service. Mutual areas of interest are able to be explored and regulatory assistance given. Through this strategy, the Commission seeks to fulfill many of its regulatory responsibilities by promoting voluntary compliance with legal mandates. This process has been found to yield substantial results and the future will yield greater professionalism and improved community services.

Goal: 3 Indirect Administration
Objective: 1 Indirect Administration
Strategy: 1 Finance, Open Records, Legal, and Government Relations

External/Internal Factors:

External/Internal Factors Impacting Strategy:

The Commission regulates a wide variety of types of law enforcement entities and training institutions statewide. It must keep pace with the technological and other advancements utilized by those entities to provide a high level of law enforcement services. Most of the regulated agencies and licensees rely on the Commission to identify advancements and create opportunities by which they may improve the services they provide to citizens.

88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Agency code: **407**

Agency name: **Commission on Law Enforcement**

CODE	DESCRIPTION	Excp 2024	Excp 2025
-------------	--------------------	------------------	------------------

DESCRIPTION OF IT COMPONENT INCLUDED IN EXCEPTIONAL ITEM:

The most significant issue facing TCOLE and the sustainment of its operations is the need for a modern, robust technology system that will support the agency's efforts across all divisions, as well as our licensees. This would put the Commission, as well as the licensees and law enforcement agencies we oversee, in a far better position in terms of security and usability.

The Commission was appropriated funds by the 87th Legislature to purchase its licensing database, known as TCLEDDS, from the vendor that developed it and has managed it since its creation. This appropriation also provided 6 FTEs for TCOLE to manage the system, including customer support and ongoing system development and customization. As part of the requirements under HB 2 (87R), prior to the acquisition, the Department of Information Resources conducted an assessment aimed at identifying ways in which TCOLE can ensure TCLEDDS is adequately prepared for state ownership. One of these findings was a recommendation to transition the application after acquisition to DIR's Texas Private Cloud infrastructure in the Data Center Services program. This request includes the ongoing costs for transitioning TCOLE's network to the Data Center Services program. The data contained in TCLEDDS, and other systems moving to the DIR Private Cloud contain sensitive and confidential information regarding the enforcement community; data in which TCOLE is responsible for protecting. Therefore, we are requesting a dedicated cybersecurity officer to support provide oversight for secure IT service delivery.

In support of our efforts to provide secure IT service delivery, we are also looking to enhance our licensee and constituent experience by focusing on strategic digital transformation and advanced data management. The first step to our advanced data management is securing a Data Officer to develop a records and data management program, and help us proactively identify open data to share through the DIR Open Data portal, as well as TCOLE's public facing website, which we plan to completely redesign and improve in order to deliver information to the public in an easy to find and easy to use way. We will also be bringing our website up to the electronic information resources (EIR) accessibility standards, which is required by law. This strategic digital transformation also includes the cost to improve and maintain the TCOLE Secure Share (TSS) application as part of SB 24.

IS THIS IT COMPONENT RELATED TO A NEW OR CURRENT PROJECT?

CURRENT

STATUS:

Pending

OUTCOMES:

Moving the TCOLE network infrastructure to the managed services of Department of Information's (DIR) Shared Technology Services (STS) will save TCOLE staff time and resources, and provide a more stable and secure experience for the end users of the Texas Commission on Law Enforcement Data Distribution System (TCLEDDS). This allows TCOLE to shift focus to user experience and improve customer satisfaction survey scores for live telephone support availability by 30% and quality of service by 25%. Additionally, TCOLE staff may work to improve the login process, reducing the amount of login support calls from the current 80% of calls to the TCOLE Help Desk Queue.

OUTPUTS:

- TCOLE will be able to satisfy the recommendations made by the Department of Information (DIR) in an assessment of TCOLE's ability to support the purchase of TCLEDDS, as part of its acquisition made possible by HB 2 (87R).
- A records management program will be developed.
- Data will be proactively identified and shared publicly.
- The TCOLE website will be redesigned to improve user experience.

TOTAL, METHOD OF FINANCING		\$590,766	\$584,194
FULL-TIME EQUIVALENT POSITIONS (FTE):		7.00	7.00
DESCRIPTION / JUSTIFICATION:			
Support current caseload, TX Attorney General's Office representation is not guaranteed			
Contract Specialist/HUB program coordinator required by TGC 2161. HR Specialist would ensure HR compliance and go from being reactive to proactive.			
EXTERNAL/INTERNAL FACTORS:			
Additional resources are needed to meet legislative requirements for staff support of Contract/HUB and human resources functions. Routine enforcement actions, improved licensee arrest reporting, and higher profile of the agency and availability of its public information have caused a backlog in the legal division and the need for additional staff.			
PCLS TRACKING KEY:

5.B. Capital Budget Project Information
88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Agency Code:	407	Agency name:	Commission on Law Enforcement
Category Number:	5005	Category Name:	ACQUISITN INFO RES TECH.
Project number:	1	Project Name:	DISTANCE LEARNING PROGRAM

PROJECT DESCRIPTION

General Information

The Commission has developed and plans to continue to update its web-based training delivery system that provides a variety of curricula and legislatively required courses to local law enforcement personnel. These training programs are provided to users at no cost and enable a measure of parity of instruction to all law enforcement officers no matter the size of their law enforcement agency. the user experience is an immersive multimedia approach that includes video, text, and audio. This educational training system is integrated with the Commission's electronic records system.

REVENUE GENERATION / COST SAVINGS

<u>REVENUE COST FLAG</u>	<u>MOF CODE</u>	<u>AVERAGE AMOUNT</u>
R	666	55,000.00

Explanation: The continued maintenance of system resources allows the delivery of course titles to ensure legally mandated and other training is available to law enforcement officers across the state of Texas. The Commission will further reduce the incidents of training non-compliance and increase the number of licensees gaining higher levels of certification over time.

Project Location: Austin, Texas

Beneficiaries: Law enforcement personnel, law enforcement agencies, and Texas citizens who are served by law enforcement.

Frequency of Use and External Factors Affecting Use:

The distance learning program is an integral part of the overall agency goal that law enforcement officers in Texas be properly trained in their profession. It is utilized on a 24/7 basis.

5.B. Capital Budget Project Information
88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Agency Code:	407	Agency name:	Commission on Law Enforcement
Category Number:	5005	Category Name:	ACQUISITN INFO RES TECH.
Project number:	2	Project Name:	Cybersecurity, Upgrade HW & SW

PROJECT DESCRIPTION

General Information

Applies to the hardware, software, and networking components necessary to maintain and improve technology operations, and to provide online services to the State of Texas.

PLCS Tracking Key

Number of Units / Average Unit Cost	Varies
Estimated Completion Date	Ongoing

Additional Capital Expenditure Amounts Required	2026	2027

---------------------------------	------------------------	------------------------------

Explanation: The network provides the infrastructure to support web and voice services utilized by over 113,000 license holders and approximately 2,900 law enforcement agencies and training providers. The maintenance of technology resources allows the agency to provide relatively modern resources for effective and efficient operation while focusing on the needs of the customer.

Project Location: Austin, Texas

Beneficiaries: Law enforcement personnel, law enforcement agencies, and Texas citizens served by law enforcement.

Frequency of Use and External Factors Affecting Use:

The overall agency information resources environment utilized on a daily and ongoing basis is dependent on this project.

R	1	0.00

Explanation: Electronic employment records sharing among law enforcement entities.

Project Location: Austin

Beneficiaries: Electronic employment records sharing among law enforcement entities benefit those agencies that can receive information while doing a background investigation on a potential new hire.

Frequency of Use and External Factors Affecting Use:

Could be daily for a large law enforcement department.

	Total Expenditures		18.2%		\$79,163	\$434,178		20.3%		\$49,691	\$245,293	

B. Assessment of Attainment of HUB Procurement Goals

Attainment:

The agency exceeded two of the three applicable statewide HUB procurement goals in FY 2020. The agency exceeded two of the three applicable statewide HUB procurement goals in FY 2021. The agency's performance as compared to the statewide average is presented below. The agency exceeded the Total Expenditures Statewide Average in both FY 2020 and FY 2021.

Applicability:

The "Heavy Construction" and "Building Construction" and "Special Trade Construction" are not applicable to agency operations in either fiscal year 2020 or 2021 since the agency did not have strategies or programs related to these types of construction.

Factors Affecting Attainment:

Commodities category includes all the purchases made with WorkQuest whose total is not captured on this report. Term contract purchases are not included in totals.

Other Services includes telecommunications and communications services in which expenditures are made to large entities utilizing statewide contracts.

C. Good-Faith Efforts to Increase HUB Participation

Outreach Efforts and Mentor-Protégé Programs:

N/A

6.A. Historically Underutilized Business Supporting Schedule
88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

Agency Code: **407** Agency: **Commission on Law Enforcement**

HUB Program Staffing:

One employee participates in all aspects of the agency's HUB program. An FTE has been requested in an exceptional item to focus on and increase HUB participation.

Current and Future Good-Faith Efforts:

The agency made the following good faith efforts to comply with statewide HUB procurement goals per 1 TAC section 111.13

- (1) when soliciting bids the agency's policy is to get bids from two HUB vendors and 1 non-HUB vendor with all purchases \$2,000 or more.
- (2) 'The agency also utilizes contracts promulgated by DIR and the Office of the Comptroller .
- (3) Education/training of procurement staff on HUB requirements
- (4) Representation at HUB Discussion Workgroup Meetings
- (5) Encouraged qualified minority/women owned business to become certified
- (6) Required HUB subcontracting plans for contracts over \$100,000 when subcontracting opportunities are probable
- (7) Ensuring contract specifications/terms/conditions reflect actual requirements, are clearly stated, and do not impose unreasonable or unnecessary contract requirements.
- (8) Use of the CMBL/HUB directories for solicitation of bids.

Project Description for the 2022-23 Biennium:

Establish an electronic employment record sharing system for law enforcement in accordance with SB24, 87th, R.S.

Project Description and Allocation Purpose for the 2024-25 Biennium:

The 22-23 appropriation includes a \$500,000 amount to purchase this system. This funding will stay within the same strategy and be included in the Cybersecurity, Upgrade Hardware and Software capital account in order to continue this project and ensure the security of records.
